Dear Parents and Carers,

**RE: Access Google Classroom on Playstation and Xbox**

I have been made aware that Google Classroom can be accessed through Xbox and Playstation consoles.

If devices are limited in your household and you have access to one of these consoles, you can utilise Sony and Microsoft's console to make sure your child can access the remote learning set by the school.

This is not just limited to the brand new consoles; you can access Google Classroom on a PS4 and/or an Xbox One.

**Google Classroom on Playstation**

To access Google Classroom on a PlayStation console, navigate to the browser. On a Playstation console, this is done by accessing the www icon, or failing that, in your Library, under Apps. Type Google Classroom into the browser and follow the log in as usual. Once you're in, you can access a suite of programs to get learning!

**Google Classroom on Xbox**

The Xbox's web browser can be found by navigating to the Microsoft Edge app. Open up the app and type Google Classroom into the browser to be directed to the login page.

I hope this information can be of benefit to you and your family at this difficult time. If you have any questions, please feel free to contact me via email, [joseph.healy@freemansendowed.org](mailto:joseph.healy@freemansendowed.org)

Yours faithfully,

Mr Healy

Deputy Headteacher
